

Scale, Precision, and Reach

Enterprise IT Field Services

For over 25 years, **ServicePoint** has been a trusted partner to the world's leading brands, delivering **complex, multi-site IT deployments at scale**. Operating across 42,000 ZIP codes in the U.S. and Canada, we deploy over 10,000 field service technicians annually.

Through our centralized command approach and regional service centers, we ensure precision, scalability, and seamless execution—consistently delivering projects on time and within budget.

Large Scale Deployments

Efficiently managing large, complex, multi-site IT deployments across thousands of locations

Complex Integrations

Seamlessly integrating advanced technologies, delivering innovation and transformation across the organization

Centralized Management

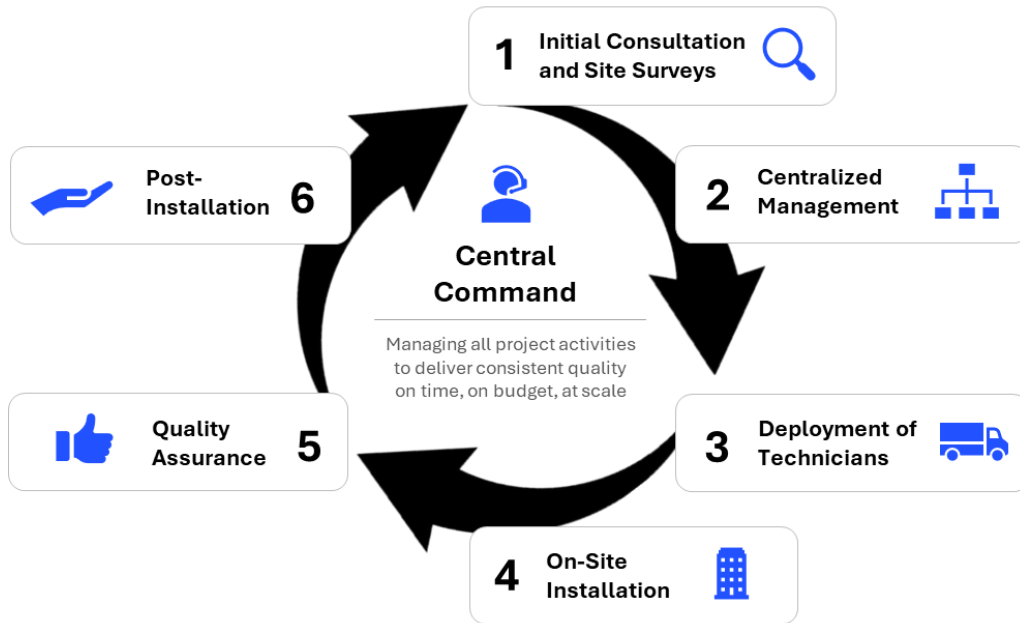

Overseeing all project activities to ensure consistent, high-quality delivery on time, within budget, and at scale.

In addition to deploying IT solutions across networking, data centers, edge, and end-user devices, **ServicePoint excels at delivering specialized technologies**, including:

- Starlink Deployments
- EV Charging Stations
- Telco Demarc Extensions
- Immersive AV
- Retail POS Systems
- Digital Signage
- Structured Cabling
- Wireless Surveys
- POTS in a Box (PIAB)
- SD-WAN & Network Infrastructure
- Manufacturing and Distribution Centers
- AI Computing Infrastructure
- Interactive Displays
- Security & Surveillance
- Access Point Installation
- Massive-Scale Data Centers
- Hospitality Guest Room Technology
- Quick-Serve Restaurants
- Low Voltage Cabling

Centralized Precision for Scalable Success

Our central command approach enables seamless execution, offering real-time oversight, advanced analytics, and governance for projects of any scale.

ServicePoint's nationwide delivery and support services ensure swift, seamless deployment of IT field resources tailored to customer requirements, minimizing downtime and maximizing operational efficiency across multiple locations.
